

The primary goal of our company is the production of quality products. Up-to-date quality supervision system was implemented according to international standards and was awarded with **IFS Food** certificate and **ISO 9001-2015** certificates.

We are also certified for **MSC** (Marine Stewardship Council Default Standard) and **ASC** (Aquaculture Stewardship Council).

We use modern technology, which maintains the highest quality standards and guarantees product traceability.

# READY MEALS

## Totally natural

Natural,  
without artificial colorings  
and flavor enhancers

Our meals are developed with cooperation of local  
and international chefs and are committed to use  
only the best quality ingredients. We use innovative  
gastronomical production process in which no  
additives are added. That is why our products keep  
their natural taste.
