Quality criteria for new investments in industry

Required points (lubuskie, zachodniopomorskie - 5 points, wielkopolskie - 6 points)

- 1. Investments in projects to support the industries which correspond to the current national development policy, in which the Republic of Poland may gain competitive advantage.
- 2. Using the potential of human resources.
- 3. Establishing regional links.
- 4. Robotization and automation of processes carried out as part of the new investment.
- 5. Membership of the National Key Cluster.
- 6. Pursuing research and development activity.
- 7. New investment in renewable energy sources.
- 8. Possessing the status of a micro, small or medium-sized enterprise.
- 9. Creating specialist jobs to pursue the economic activity covered by the new investment and offering stable employment
- 10. Pursuing an economic activity with low environmental impact.
- 11. Locate the investment in the medium city that is loosing its social and economic functions or in the districts with more than 160% of the average unemployment rate in Poland.
- 12. Supporting the acquisition of knowledge and vocational qualifications and cooperating with industrial schools.
- 13. Undertaking actions to care for employees.
